1 Amendment of the Specification

2 The Examiner has not objected Brief Description of the Drawings. However, the
3 Brief Description of the Drawings, contained in the original application, does not
4 conform to Detailed Description. Your applicant now submits an amended Brief
5 Description of the Drawings as originally seen at page 2, lines 18-25 of the original
6 application. Your applicant certifies that no new matter is added.

7
8 Brief Description of the Drawings

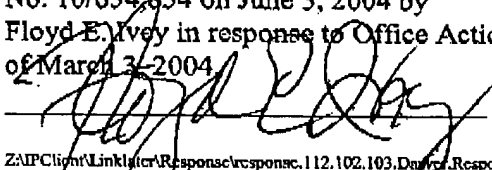

9 FIG. 1 is a perspective view of the fishing lure illustrating the primary shaft
10 interconnected with the lure shaft, the double barreled ferrule and a fishing hook affixed
11 by a ferrule to the primary shaft. Also seen is a lure shown as a lizard- side elevation of
12 the fishing lure (1) showing an elongated primary shaft (10) having a second end (30), an
13 elongated lure shaft (40) having a lure shaft second end (60) interconnected to the
14 primary shaft (10) proximal the second end (30). Also depicted is a fish hook means (70)
15 and lure shaft locking means (110) to secure the lure shaft first end (50) when a lure or
16 bait has been skewered onto the lure shaft (40).

17
18 FIG. 1A is a detail from FIG. 1 showing the Lure shaft locking means (110) as a two
19 barreled ferrule.

20
21 FIG. 1B is a detail from FIG. 1 showing the fish hook means (70).

22
23 FIG. 2 is a side elevation of the fishing lure (1) showing the lure pierced by the lure shaft
24 and the lure shaft secured in the second barrel of the double barrel ferrule. Also seen are
25 beads and a spinner- showing a lure or bate skewered onto the lure shaft (40).
